

Digital Storytelling

Checklist for Completing your Digital Story

Step	Done?
Brainstorm an IDEA for your Story	
Write Script	
Record Audio Narration	
Storyboard	
Collect Images	
Digital photos you take yourself	
Photo prints (that you need to digitize by using a scanner)	
Images from Web (copyright free, of course!)	
Artifacts (flyers, objects, etc you scan)	
Manipulate images	
Get images to 720 by 480 pixels, 300 dpi, Landscape (4:3), and .jpg	
Adjust brightness, contrast, cropping or add effects	
Find/create background MUSIC (again, copyright free)	
Build/Edit your video file (using Windows Movie Maker, iMovie, others)	
Rough Cut (get some feedback from others)	
Final Cut (Final Product)	
Export (for DVD and a web version)	
Distribute (on DVD, on MySpace, YouTube/TeacherTube and/or on your website)
